

This fall, make your contributions count!

Give to the Public Schools of Hawaii Foundation

- In its 25 years of helping Hawaii's public schools, PSHF has generously donated more than \$3.2 million to students and teachers.
- To promote science education, this year PSHF invested more than \$300,000 to create a new science lab for Roosevelt High School, and supplemental training and equipment for all science teachers in the Roosevelt complex, including feeder elementary and middle schools.
- Approximately 98% of monies raised goes directly to schools and teachers, making a positive impact on teaching and learning in Hawaii's Public School system.
